

Needed for NEW STUDENTS Only

Nurse – Privacy Information

Dear Parents,

Due to the laws within the State of New Jersey, the nurse cannot share any information regarding your child’s health with any other person inside or outside of the school. This does include Teachers. This can become a problem regarding asthma, allergies (especially to peanuts), and other medical conditions that your child may have through the school year. We must have written permission to give pertinent information to teachers, staff, and administration on a need to know basis. We also cannot disclose information to emergency personnel or other family members without your permission. Because we feel this neither practical nor safe in a school setting, we are asking you to sign the release below.

I, _____ **GIVE Resurrection Catholic School permission** to share pertinent medical information with the school personnel, family or friends listed on the emergency form, and emergency personnel on a need to know basis. I also GIVE permission for any member of the Resurrection Catholic School staff to speak to any physician on behalf of the above named child. This form will cover your child through the eighth grade.

I, _____ **DO NOT GIVE Resurrection Catholic School permission** to share pertinent medical information with the school personnel, family or friends listed on the emergency form, and emergency personnel on a need to know basis. I DO NOT GIVE permission for any member of the Resurrection Catholic School staff to speak to any physician on behalf of the above named child.

CHILD’S NAME: _____ **GRADE:** _____ **DATE:** _____

PARENT’S SIGNATURE: _____ **DATE:** _____
