Resurrection Catholic School
2026-27 Tuition Policy

We, along with other schools in the Diocese of Camden, have partnered with Finalsite tuition t services to help manage our tuition payment programs. **Every family will have an account with Finalsite and all tuition payments should be paid through Finalsite.**

The first tuition payment for an upcoming school year is due beginning in July.
A family's tuition account should be current in order to begin school in September.

Past Due Accounts

Parents/Guardians are obligated to pay tuition and fees in order to obtain educational services for their children. Payments should be made according to the payment schedule selected on the Tuition Payment Agreement. The parent/guardian should advise the Principal, in confidence, if there is a situation preventing them from maintaining their tuition payment schedule. The Principal will review the situation and determine if the circumstances require a revised payment agreement.

Failure to make payments when due without making alternate arrangements with the school will result in the withholding of records (including progress reports, report cards), and can lead to the discontinuation of educational services to the student, possibly resulting in disenrollment. Families whose accounts are seriously delinquent will not be permitted to re-register for the upcoming school year. Any family ending the school year with an outstanding tuition balance must reach an agreement prior to returning in September.

If tuition payments for a student in **eighth grade** are not current when we reach the month of April, the student may be prohibited from participating in the activities of the class, including, but not limited to athletics, class trip, dances, and other extracurricular activities. If the non-payment continues up to the time of graduation, the student may not be permitted to participate in any graduation activities.

If a student withdraws from the school and there is an outstanding balance on the tuition account, the balance needs to be satisfied before academic records, including the latest report card, are forwarded to the new school. The school will continue to pursue collection of all delinquent amounts outstanding. The parent/guardian agrees to pay reasonable costs and expenses should third party (collection agency) intervention become necessary, including all attorney fees and costs incurred to enforce payment.

Refund of Tuition and Fees

Resurrection Catholic School
2026-27 Tuition Policy

Once a student enrolls, the school commits to faculty, staff, and contracts for services on a yearly basis according to the number of students enrolled for the academic year. A space will be reserved in the applicable grade level for the student. The parent/guardian understands that withdrawing before or after the start of the academic year will cause difficulty since student spaces cannot be filled. Parent/guardian also recognizes that as a private school, the budget is based largely on tuition.

In the event that a student withdraws before or after the start of the academic year, or is dismissed from the school, a withdrawal fee of $400 will be charged.

Monthly tuition payments will not be refunded. Tuition that has been paid in full or in two payments will be refunded on a prorated basis if withdrawal is before November 1st.
No refunds will be granted for withdrawals after November 1st or for time students are away from school for vacations.

All fees are non-refundable and are not pro-rated, e.g. Registration, Instructional, Technology, PTO/Activity, etc.

In the event that a student transfers to another school and has an outstanding balance, parent/guardian understands that grades, transcripts, etc. will not be released until all financial obligations have been satisfied.

Tuition Assistance

Tuition Assistance is provided to K-8 students through monies included in the school budget and from donations to the Monsignor Sharkey Tuition Assistance Fund. Assistance is not awarded for Preschool tuition. Families who would like to be considered for tuition assistance should complete an application in FACTS following the steps on the school website. The tuition assistance application is subjected to a FACTS comprehensive review, including verification of all supporting documents. The vendor provides the school with a report which indicates the family's calculated need for tuition assistance. The school reviews the report and will provide for as much assistance as our resources allow.

If a student withdraws from RCS during the school year, their tuition assistance award will be pro-rated to cover the portion of the year that they were enrolled at RCS.

Special Situations

Resurrection Catholic School
2026-27 Tuition Policy

There are some families in our school community where the parents are no longer living together but share joint financial responsibility for tuition and fees. In order for a student to attend RCS, we need a commitment from the family for the total amount of tuition and fees for the school year. Parents sometimes find it most convenient if they each have their own tuition agreement with the school and tuition account with Finalsite. We are happy to accommodate this need, however the paperwork for both accounts must be received before enrollment is complete and the student is allowed to attend classes. Payments on both accounts need to be current in order to avoid the consequences described under "Past Due Accounts". If there is a serious delinquency on one parent's account, the school must be free to share all information necessary so that the family understands any consequences to the student which may ensue. This includes information regarding the arrearage on the account and the account payment history.
