Vets in Training After School Program

at Resurrection Catholic School

Available to 1st through 5th grades

Mondays 3:00-4:00

12/7, 12/14, 12/21, 1/4, 1/11

Restraint Lab - Learn how to properly handle animals and keep them calm during veterinary exams and procedures.
Wellness Exams - Complete a check up on various VIT animals and log results on charts for future reference.
Interactive Case Studies - Get a first hand look at some of the most interesting patients to come through the animal hospital. Learn to diagnose and treat various ailments.
Triage - Which animals get seen by the veterinarian first and how does the receptionist determine what is an emergency? Our students will discover how to properly triage animals.
Rodents 101 - Degu, guinea pig, chinchilla, and rabbits. Which ones are rodents and why?

LIVE ANIMAL INTERACTION AT EACH VISIT!

Mission Statement

Our mission is to use STEAM based lessons and live animals to learn about veterinary care and animal science. Through these unique, interactive, educational experiences, the Vets In Training Program cultivates the human-animal bond to encourage compassion, kindness, empowerment and responsibility.

Cost: $95 for 5 week program*
